

## REACH Compliance Declaration

*Statement Issue Date:* 18<sup>th</sup> May 2020

*Product Covered:* All Products manufactured by Hozelock unless the product is specifically stated otherwise.

REACH (Registration, Evaluation, Authorization and Restriction of Chemicals, EC 1907/2006) is the European Union's (EU) chemical substances regulatory framework. REACH requires Hozelock to provide customers with sufficient information on Substances of Very High Concern (SVHC) contained in products in concentration above 0.1% weight by weight (w/w) to allow safe use of the product.

To comply with this requirement, Hozelock certifies that to the best of its knowledge all products that it manufactures and supplies do not contain substances listed on the Candidate List of Substances of Very High Concern, as updated on 16<sup>th</sup> January 2020, in a concentration above 0.1% weight by weight.

This determination is based on supplier declarations, 3<sup>rd</sup> party material testing and engineering evaluation.
